

S32 STUCCO PER LEGNO SCURO

Wood filler - dark

A) DESCRIPTION AND FIELDS OF APPLICATION:

Two-component filler with wood microfiber base. Is largely used in industrial and "do-it-yourself" sectors for restoring missing parts, knots, edges, scratches, as well as for gluing different parts together. Hardens quickly, does not shrink and is easy to sand. Has properties similar to those of wood and can be worked with the same tools. Can be easily coloured by the addition of suitable paste pigments and can be painted with any type of finish.

B) TECHNICAL DATA:

Composition	Unsaturated polyester resin , mineral charges and microfibers.
Specific weight	1.50 ± 0,1
Available colours	Dark walnut
Safety data	See safety data sheet

C) SURFACE PREPARATION :

* Wood and its derivatives

* Clean well the surface to be treated and make sure it is dry and free from silicone, wax, grease and any extraneous material.

D) CAUTIONS:

- * Mix well the filler with 1-3 % paste hardener. Do not exceed with the hardener to avoid risk of staining during painting operations.
- * Do not utilize the product at temperatures below 5 °C.
- * Store in a cool and dry place.
